

ENVIRONMENTAL & SUSTAINABILITY POLICY

INTRODUCTION

Fel. Group Limited has since 2018 been proactively working to preserve the environmental sustainability of the planet, at all levels of its operations.

Fel. Group Limited aspires to minimise its impact on our environment and maximise the effective use of resources. We strive to achieve this by increasing communication and awareness of our efforts in accordance with this policy and fostering responsible environmental behaviour amongst staff, clients and contractors. Fel. Group Limited is committed not only to complying with all applicable law in its operations but to minimise risks and impacts through the development of systems to implement, measure, monitor, and disseminate excellent environmental performance within its operations and to the wider community.

PURPOSE

This Environmental Sustainability Policy aims to integrate a philosophy of sustainable development into all the organisation's activities and to establish and promote sound environmental practice in our operations.

POLICY

Fel. Group Limited commits itself to minimising its impact on our environment through

- Providing a safe and healthy workplace;
- Having an environmentally sustainable aware culture, where responsibility is assigned and understood;
- Source, select and use sustainably harvested timbers in furniture products that support carbon emission reduction programmes;
- Continue to develop the business waste minimisation program;
- Being an environmentally responsible neighbour in our community;
- Conserving natural resources by reusing and recycling;
- Using, in our own operations, processes that do not adversely affect the environment;
- Ensuring the responsible use of energy throughout the organisation;
- Participating in efforts to improve environmental protection and understanding;
- Taking steps to improve environmental performance continually;
- Conducting evaluations, and self-assessments of the implementation of this policy;
- Working with suppliers who promote sound environmental practices; and
- Enhancing awareness among our employees, clients and consultants – educating and motivating them to act in an environmentally responsible manner.
